WORK EXPERIENCE

Smart Solutions Co, LTD:

JUN 2023 - MAY 2024

Full Stack Developer

- I designed and built complete web applications using the MERN stack, encompassing the front-end and back-end components.
- I utilized modern front-end technologies like React and CSS frameworks to develop visually appealing and responsive user interfaces.
- For seamless data communication between the front-end and back-end systems, I developed robust RESTful APIs.
- I also created and optimized database schemas, implemented data models, and wrote intricate queries using MongoDB or other NoSQL databases.

Web Solution

Sep 2022 - Jun 2023

FrontEnd developer

- Translated design wireframes and mockups into pixel-perfect and interactive user interfaces using React.js and other front-end frameworks.
- Implemented responsive designs and optimized web applications for various devices and screen sizes.
- Collaborated with UX/UI designers to ensure seamless integration of visual designs and user experience.

SoftCity IT company

Jan 2022 - Sep 2022

Frontend Developer

- Built and maintained company's website using HTML, CSS, JavaScript, React and other front-end technologies. Utilized responsive design techniques to ensure website is mobile-friendly. Collaborated with the design team to implement custom graphics, animations and transitions
- Collaborated with UX/UI designers to ensure seamless integration of visual designs and user experience.
